Product Description

Camp Walden is the perfect retreat for kids who want an escape from the hullabaloo of the playground. This kids' corral playground set features seven of our best activity panels with options for every child to enjoy. Regardless of their age or level of physical ability, kids will find something fun in the Camp Walden set. The activities in the Camp Walden kids' corral playground set are all great for kids to enjoy by themselves but even better when played with a friend or two. The Tic-Tac-Toe and Plinko panels bring games to your playground so that children can compete against each other. The Store Panel is a window-shaped base for all manner of imaginary activities. Kids can pretend they're at a drive-through or running their own market stall. The simple Gear Panel provides another creative outlet for youngsters with a mind for mechanics. There are two different styles of maze panels for fun solitary challenges and a percussion panel so that kids who love music can underscore the whole area with rhythm. Best of all, the activities are all two-sided, so kids will never have to wait if their favorite activity is occupied. The double-sided nature provides games for 14 children at any given time.
