Product Description

What a grand cove for your playground! This nautical themed play system will have your kids sailing away to a land of imaginative exploration. The Grand Cove boasts two fun slides flanking the side of the structure -- a Wave Slide and a Right Turn Slide. Children can race each other to the bottom and climb back up on the two dynamic climbers. Your kids will explore the Sea Creature Climber, which features footholds in the form of seashells and starfish, and a Ship's Wheel for dramatic play on the high seas.

The structure also features a Gear Panel, Pea Pod Climber, and Bench Panel to engage children in interactive play. The Grand Cove comes in natural and primary hues. Elevate your public or private green space and bring children and families together.
